

» CAREER TRAINING

The following classes are offered through in-person, remote (Zoom), or online instruction. Registered participants will receive location or access information by email within 24-hours before a class begins. For updated class offerings, refund policy, or to register, visit www.mchenry.edu/careertraining or call (815) 455-8588.

CONSTRUCTION/FLAGGER

Flagger Certification

The National Safety Council (NSC) Work Zone Flagger Program incorporates classroom instruction, hands-on training and a flagging skills test to teach roadway personnel how to minimize confusion with standard flagging procedures and provide safe passage of traffic through and around Temporary Traffic Control Work Zones. This four-hour NSC Certification program meets federal industry guidelines and includes a manual on Uniform Traffic Control Devices. This certificate is valid for three years. Participants will learn:

- Key flagging procedures
- Critical do's and don'ts for flaggers
- How to maintain safety for themselves, roadway users, and their crew

Fee: \$150

Fire Apparatus Engineer

This course exceeds the requirements outlined by the Office of the State Fire Marshal (OSFM) and as defined by National Fire Protection Association 1002. This course provides students with the basic knowledge and skills needed to perform as professional fire apparatus engineers. Classroom hours and an extra day of hands-on scenarios build the confidence and repetition that no pump operator should be without! There will be a blended learning component built into the course. For state certification, students are required to:

- Be certified as a Firefighter II or Basic Operations Firefighter
- Pass the OSFM written exam (the student must sign up on the Pearson Vue website after the completion of the course)
- Complete a driving practical with the student's employing fire department

FOOD SERVICE SANITATION

ServSafe® Food Protection Manager Certification

All food service operations that prepare and serve food are required to have a certified food safety manager on the premises when food is being handled. This course covers all critical principles including personal hygiene, cross-contamination, time and temperature, receiving and storage, food safety management systems, training, cleaning, and sanitizing. This 8-hour ServSafe course and exam (an ANSI-CFPM accredited provider) meets the Illinois Department of Public Health requirements. The ServSafe Manager Certification verifies that a manager/person in charge has sufficient food safety knowledge to protect the public from a foodborne illness. The certification is valid for five years. You must arrive promptly by 8 a.m. Book is included in class fee. Bring photo ID to class.

Fee: \$189

PROFESSIONAL HEALTHCARE

Phlebotomy Technician CPT

A Phlebotomy Technician Certification (CPT) will give you the credentials you need to set yourself apart from other applicants as you embark on a rewarding healthcare career. This course consists of 60 classroom and lab hours in which you'll be required to complete a minimum of 30 venipunctures and 10 capillary sticks (must be able to find volunteers—friends, family, etc.). After successful completion of the course, you'll be prepared to take the National Healthcareers Association (NHA) CPT exam. The cost of the course includes books, materials, and the cost of the NHA certification exam. Students will both administer and receive venipunctures and capillary sticks. *This course has immunization and physical screening requirements that must be met before the start of the course. Please contact careertraining@mchenry.edu prior to enrolling for details.

Fee: \$1,999 Melanie Sharratt
[8142](#) MW 4/1–6/5 5–8 p.m. Main Campus

EKG Technician

You'll study basic to advanced concepts in EKG. These concepts include basic cardiac anatomy and physiology, proper lead placement for a 5- and 12-lead, technical aspects of the EKG machine and how to calculate heart rate, how to interpret a rhythm strip, and several advanced concepts working with the 12-lead EKG machines. You'll also learn how to prep a patient for EKG monitoring and how to troubleshoot EKG artifacts. This training will allow you to assist the physician with diagnosing myocardial infarction, cardiac arrhythmias, and heart rhythm irregularities. EKG machines are used in physicians' offices, hospitals, clinics, and other healthcare facilities. The fee for this class includes all books, materials, and the cost of the National Healthcareers Association (NHA) CET exam. Asynchronous work to take place on-line (recorded zoom lectures, quizzes, and assignments)

Fee: \$999 Kristin Lynam

CNA Recertification

The 21-skills Recertification is given to those with permission from the Illinois Nurse's Aide Registry to update their CNA status to "active." You must have already taken a CNA course and finished it successfully. The purpose of the program is for skill testing only. According to the State of Illinois guidelines, the applicant will be given three attempts to pass any one skill. There is no guarantee of passing any one skill, although the student will be given every opportunity to succeed. Testing will be done by an Illinois Department of Public Health approved instructor. Following registration, you will be contacted by your instructor to arrange a specific date and time for the recertification. Contact careertraining@mchenry.edu or (815) 479-7879 with any questions.

Fee: \$320 Connie Happ

Heartsaver® First Aid CPR/AED/BBP

Practice critical skills needed to respond to and manage a first-aid, choking, or sudden cardiac arrest emergency until emergency medical services (EMS) arrives. Learn skills such as how to treat bleeding, sprains, broken bones, shock, and other first-aid emergencies. This course also teaches adult CPR and automated external defibrillator (AED) use. It is appropriate for participants with limited or no medical training who need a course completion card in first aid, CPR, and AED use to meet job, regulatory, or other requirements. The BBP (blood-borne pathogens) portion teaches employees how to protect themselves and others from exposure to blood or blood-containing materials. This course is designed to meet Occupational Safety and Health Administration (OSHA) requirements and is designed for anyone with a reasonable chance of coming into contact with blood-borne pathogens as a first responder in the workplace.

Fee: \$125 Michelle Krysiak

Freight Broker Training

Become part of the exciting trucking, freight logistics, and transportation industries as a licensed freight broker or as a freight broker agent. Freight broker training will help you learn the skills you need to be a successful Freight Broker/Agent. From licensing and operations to sales and marketing, you'll learn the basics of how to run a domestic freight brokerage or agency in the United States. Freight brokerage is a growing, service-based industry. As a freight agent or broker, you connect shippers and manufacturers with transportation companies and manage those shipments. Entrepreneur magazine has rated the freight brokerage business as one of the top home-based businesses to own, and a Wall Street Journal article cited freight brokering and logistics as the largest growing sector of the transportation industry. Written by freight brokerage specialists, this freight broker course will provide you with the knowledge and resources needed to break into the shipping industry. From transportation law, contracts, and insurance, to setting up and running your own business, this is the best online freight broker training available.

Fee: \$1,895
