

ICE Student Log On Procedures For ANGEL

Students attending a different home institution, but enrolled in an online course offered by McHenry County College need to log on to ANGEL using these instructions:

1. Open your internet web browser (with PCs running Windows OS: Internet Explorer, Firefox or Mozilla; With Macs running OS X: Firefox or Mozilla)
2. Type in the following URL: **https://mchenry.angellearning.com**

A screenshot of a web browser window titled "Log On". The window contains two text input fields: "Username" and "Password". Below the "Password" field is a "Log On" button.

3. Your home institution uses either your social security number or a student ID number to identify you. You will use a portion of this number as your user name for MCC's Angel system. In the **Username** field type in the word **ice** followed by the last five digits of your social security number or student ID number (i.e. ice15487). This is now your MCC student ID number for Angel log on purposes only.
4. In the **Password** field: type in your entire last name with the first initial capitalized.
4. Once logged on, you will be prompted to change your password. In the current password field, enter your current password (last name with the first initial capitalized) and then create a new password in the New Password field. Enter your new password again in the Confirm field. Click on "OK."

A screenshot of a web browser window titled "Change Password". The window contains three text input fields: "Current Password", "New Password", and "Confirm". Below the "New Password" and "Confirm" fields are "OK" and "Cancel" buttons.

5. Write this password in a safe location as it will remain your ANGEL password until **you** decide to change it.
