1/23/2025	Jacques J. Joseph	<p>Good morning. I am just following up with this email from my station commander from the Crystal Lake Army Recruiting Station. We did not receive the 2025-2026 student directory for students that are currently enrolled at the college. We are reaching out in efforts to attain this list. Attached is an official school request memorandum for those lists. It would be greatly appreciated. We look forward to communicating the opportunities and educational benefits we can offer to your students to help advance their future.</p> <p>Thank you very much.</p>	1/29/2025
